Sean O. Saliva

Director of Digital Services | Government Technology Leader

Fort Lauderdale, FL · (954) 709-7709 · s.saliva@thecreativemindsstudios.com · seansaliva.com · linkedin.com/in/sean-saliva

PROFESSIONAL SUMMARY

Municipal technology leader with 25+ years of digital infrastructure experience and direct government employment as a City of Tamarac Webmaster & Digital Infrastructure Specialist. Designed, built, and deployed TamaracTV — a citywide live broadcast platform and multi-site digital display network — recognized by the City of Tamarac with the Excellence in Innovation Award (2024). Partnered directly with the city's Chief Information Officer on all new digital initiatives, from concept through deployment. Holds a B.A. in Political Science (Valedictorian, Summa Cum Laude, 4.0 GPA) and an Interactive Media Design degree, bridging policy fluency with 25 years of hands-on technical execution across municipal, financial, e-commerce, and public safety digital environments. An 18-year record as General Manager of a multi-department business adds proven operational leadership, budget management, and cross-department coordination.

- Citywide Broadcast & Digital Display Systems
- Vendor & Contract Management
- Agile / Scrum • Project Management

PROFESSIONAL EXPERIENCE

Webmaster & Digital Infrastructure Specialist | City of Tamarac — Direct Municipal Employment

July 2023 – November 2024 • Tamarac, FL

- 🏆 **Excellence in Innovation Award (2024):** Designed, built, and deployed TamaracTV — a live municipal broadcast platform and city-wide digital display network managing video streaming, content scheduling, and multi-site screen infrastructure across city facilities.
- Directly employed on the City of Tamarac payroll to manage all municipal digital assets, public-facing websites, and city-wide technology infrastructure as the primary digital authority for the city.
- Partnered directly with the Chief Information Officer (CIO) on every new digital initiative — serving as the technical executor from concept through deployment for all city-driven technology projects.
- Managed city-wide TV infrastructure, public communications systems, and all digital display networks, ensuring reliable operation of mission-critical public-facing technology across municipal facilities.
- Coordinated with city departments, elected officials, and external vendors to deliver digital projects on time and within municipal budget and compliance requirements.

Multimedia Specialist & AI Product Builder | Creative Minds Studios

May 2023 – Present • Fort Lauderdale, FL

- Developed and deployed AI-augmented applications using Claude Code and OpenAI Codex, accelerating build cycles and reducing time-to-ship for client digital projects.
- Architected content systems integrating SEO strategy, lead capture, and marketing automation for municipal and commercial clients.
- Managed 6+ simultaneous production websites including design, development, email campaigns, and 360° virtual tour production.

Senior UI/UX Designer & Developer | All Clear Decisioning (Contract)

Nov 2022 – Jan 2023 • Fort Lauderdale, FL

- Built a full chatbot module UI from wireframes through production for a regulated fintech decisioning platform using React, TypeScript, and Bootstrap 5.
- Delivered responsive application layouts and compliant UX flows in a financial technology environment with strict regulatory requirements.

UI/UX Designer & Developer | Life Extension Buyers Club, Inc.

Jul 2019 – Oct 2022 • Fort Lauderdale, FL

- Owned front-end design and development for one of the largest supplement e-commerce platforms in the US, serving millions of monthly users within Sitecore CMS.
- Ran A/B testing programs with marketing teams, driving measurable gains in conversion and user engagement across high-traffic product pages.

Front End Developer & Graphic Designer | Investacorp, Inc. (FINRA-Regulated Financial Broker/Dealer)

Nov 2010 – Apr 2014 • Miami, FL

- Led the full UI/UX overhaul of investalink.com — a complex web application for financial advisors — in a FINRA-regulated, compliance-heavy environment.
- Delivered end-to-end: responsive development, financial report design, document systems, motion graphics, video production, and all brand assets for a regulated broker/dealer.

General Manager / Operations Director / Digital & Marketing Lead | Johnson Aluminum Product

Mar 1998 – Jul 2016 • Fort Lauderdale, FL

- Ran day-to-day operations for 18 years — managing staff, customer acquisition, vendor relationships, cross-department coordination, and revenue for a multi-department manufacturing business.
- Simultaneously served as Marketing Manager and Web Developer, building and managing all digital properties, brand assets, and marketing collateral — an 18-year record of operational leadership and accountability.
